To whom it may concern

Letter of recommendation for Mr. Chris Esterhuizen

Mr. Esterhuizen was enrolled in a fourth-year module (EBT410 Automation in 2020), in the Department of Electrical, Electronic and Computer Engineering, that I lecture. He passed this course with distinction and placed in the top 8% with 130 students in the class. I was also the final-year project study leader of Mr. Esterhuizen. He was the best project student in our group of 16 students. During project he demonstrated that he could deliver quality work on-time and within budget.

I have no doubt that if given the opportunity, Mr. Esterhuizen will do well in his chosen field of postgraduate study. I say this based on the performance of some of our other promising students who obtained postgraduate degrees in the US, and also based on my own experience as an MIT graduate.

Yours sincerely

A handwritten signature in black ink that reads 'Ian Craig'.

Prof IK Craig
Group Head: Control Systems
